## Content

In this review class you have the possibility to refresh your knowledge about the Ba Mai palpation references you already learned in Module 3 of our Basic Training, especially the Morphology felt on the Fluid Body. Later on, there will be a specific class where you can revisit the Morphology and learn another way to directly palpate the Ba Mai and learn to feel their inherent movement.

This class is for all they want to have some more practice to further imprint in the hands the references for each vessel, and maybe also connect them a bit more to the theoretical background that explains their dynamics.

Topics covered during the Ba Mai Review:

- Revisiting basic Morphology felt on the Fluid Body
- Basics of Ba Mai physiology and pathodynamics
- Integration of Ba Mai findings in the context of other Engaging Vitality listenings (Local Listening, Yang Rhythm, Visceral, etc.) and the general development of the treatment
- Needling in the context of the Ba Mai listening
- [Depending on the group] revisiting Ba Mai Inherent Movement.
